Introduction

At Sunrise English Private School, Abu Dhabi, we are committed to ensuring that our school remains a positive and safe environment for learning. By setting clear expectations for student behavior and actively addressing behaviors of concern, we strive to foster a secure, respectful, welcoming, and enriching atmosphere. Through the establishment of standards for both individual and collective conduct, and by promoting the cultural values of the UAE, we aim to empower our students to become responsible and positive citizens within the wider community.

This policy outlines the fundamental requirements for the school in defining and implementing a Student Code of Conduct and establishing systems to promote positive behavior.

1. Purpose

- Set out measures to proactively encourage positive student behaviors and to prevent and address behaviors of concern.
- Clarify expectations for student behavior through a Code of Conduct with a unified set of minimum requirements.
- Instigate bullying prevention through a targeted school-level policy.
- Support students who are finding it challenging to meet behavioral expectations through appropriate intervention.
- Outline requirements for dealing with student misconduct through a staged approach.

2. Definitions

Absence	The state of not being physically present in class/at school.
Absence rate	The proportion of absences to school days as per the approved school calendar. If the student was admitted mid-year, the absence rate is calculated from their joining date.
Additional Learning Needs	Individual requirements for additional support, modifications, or accommodations within a school setting on a permanent or temporary basis in response to a specific context. This applies to any support required by students of determination and those who have special educational needs and/or additional barriers to learning, access, or interaction in that specific context (e.g., dyslexic, hearing or visually impaired, twice exceptional, or gifted and/or talented). For example, a student with restricted mobility may require lesson accommodations to participate in Physical Education and building accommodations to access facilities but may not require any accommodations in assessments. Equally, a student with hearing impairment may require adaptive and assistive technology to access content in class and may also require physical accommodations (e.g., sit in the front of the class to be able to lip read) to access learning.

This also includes “any repeated pattern of behavior, or perception of behavior, that interferes with or is at risk of interfering with optimal learning, wellbeing, physical safety, and/or engagement in pro-social interaction with peers and adults” (Smith & Fox, 2003) and includes risky or illegal habits.

Bullying	Repeated physical, social, or verbal aggression exercised by a person who feels they are in a position of power, against another person who is perceived as different, weaker, or powerless, to achieve specific gains or draw attention, in a way that hurts this other person physically and/or emotionally. Bullying can be committed by groups or individuals, in person or online (cyberbullying). The National Bullying Policy for the Prevention of Bullying in Educational Institutions (MoE, n.d.) provides a complete framework for bullying and cyberbullying.

7.8 Positive Handling: The school is authorized in certain circumstances, in order to maintain good order, to physically intervene to prevent students from harming themselves or others and allow staff to use reasonable force.

Such conduct shall only be in accordance with the following:
- The student should be in immediate danger of harming themselves and/or others.
 - The member of staff should have good grounds for believing this.
 - Only the minimum force necessary to prevent injury or damage should be applied.
 - Every effort should be made to secure the presence of other staff before positively handling a student, for the purpose of securing assistance or witnesses.
 - Once the situation is deemed to be no longer dangerous, the student should be allowed to regain self-control.
- 7.8.3 The school is prohibited from using force as a form of punishment, which constitutes maltreatment, in line with the *School Student Protection Policy*. This is considered unlawful.

8.1 **Policy Requirements:** SEPS follows a Bullying Prevention Policy in line with the Ministerial Resolution No. (645) of 2020 on the Policy of Preventing Bullying in Private and Public Schools that Follow the Ministry's Curriculum (MoE, 2022), and in line with the *School Student Protection Policy*. This policy shall:

- 8.1.1 Set out the provisions for educating students and staff on how to identify bullying.
- 8.1.2 Establish bullying prevention strategies by developing a school-wide anti-bullying program including recognizing vulnerabilities for students with additional learning needs.

8.1.3 Clarify steps students should take when confronted with bullying behavior when they are in the position of someone who is being bullied, who is bullying, and who is witnessing the bullying.

8.1.4 Set out procedures for staff to deal with bullying behavior.

8.1.5 Describe the support and interventions provided by the school for any student identified as a victim or perpetrator of bullying (see [Section 6. Support and Interventions](#)) and in line with the [School Student Administrative Affairs Policy](#).

8.1.6 Set out the disciplinary procedures that may be taken to address instances of bullying (see [Section 4. Misconduct Policy and Procedure](#)).

8.2 **Monitoring:** The school has established systems to track and monitor instances of bullying (including frequency and severity).

9 Absence

9.1 The school will identify students as a “cause for concern” depending on absence rates, in line with the [School Student Administrative Affairs Policy](#).

9.2 Upon identification, the school will determine if the student is at educational risk, in line with the [School Educational Risk Policy](#), or as being potential subjects of maltreatment (neglect), in line with the [School Student Protection Policy](#). Accordingly, school is authorized to further escalate actions and develop intervention plans, in line with the [School Educational Risk Policy](#) and the [School Student Protection Policy](#), respectively.

Support and Interventions

- 9.3.1 Needs analysis for causality as well as the extent of need, wherein a tiered model of support response is provided to the student, in line with the *School Inclusion Policy* and *the School Educational Risk Policy*.
- 9.3.2 The provision of professional support to address the specific needs of the student, including counseling, in line with the *School Student Mental Health Policy*. This support shall involve engagement with parents and other relevant stakeholders (e.g., teachers) where appropriate, as well as ongoing monitoring of student progress.
- 9.3.3 Referral to external specialists to provide intensive, individualized, and long- term support. Where such support is provided, parents shall monitor the student's progress and periodically update a staff member nominated by the school. The staff member is authorized to share this information with relevant stakeholders on a need basis.
- 9.4 In cases where student misconduct has been identified, the school will take disciplinary action as appropriate and in line with the school's Misconduct Policy and Procedures (see *Section 4. Misconduct Policy and Procedures*), alongside any interventions.
- 9.5 The school ensures that any support and intervention to address a student's behavior shall not reduce or replace the support available to students with additional learning needs, as outlined in their DLP.

The school will develop and implement referral structures, in line with the *School Student Mental Health Policy*.

- 9.5.1 The school will encourage students and teachers to identify signs of behaviors of concern in students and report them to the school administration via these structures. Where such signs are identified and reported, the school will inform the student's parents, except in cases where not reporting to parents is in the best interest of the student (such as suspected maltreatment in home settings).
